

Description

White Study is inspired by the wines of the Veneto. It continues to evolve into an evermore sophisticated wine of earthy minerality balanced by hints of apple blossom and spring herbs. The flavors are round, smooth and refreshing while maintaining their upright, angular nature.

Technical Information

Harvest date(s): September 20th & 27th, 2018

Vineyards: Sandstone

Blend: 45% Ribolla Gialla, 39% Friulano & 16% Chardonnay

Alcohol: 13.4%

pH: 3.42

TA: 6.63

Production: 180 cases

Winemaking process

We co-fermented Ribolla Gialla and Friulano in a concrete tank while the Chardonnay was fermented in puncheons. Fermentation was slow and cool. The wine was blended in February and bottled late March 2019.
