

Description

The 2021 White Study is inspired by the bright, lighter white wines of the Loire. Every vintage is a unique blend, where aromatic white varietals are married to a splash of classic Hudson Chardonnay. This a one-of-a-kind blend offers terrific energy and sophistication, with subtle fruit and minerality.

Technical Information

Vineyards: Sandstone and Iron-Rich Volcanic

Blend: 78% Sauvignon Blanc , 19% Chardonnay & 3% Semillon

Alcohol: 14.1%

pH: 3.28

TA: 6.98

Production: 184 cases

Winemaking process

The Sauvignon Blanc and Semillon were fermented and aged in stainless steel and concrete vessels and the same for Chardonnay was done in a neutral oak puncheon. The wine was blended in June 2022 and aged for 2 months in a combination of neutral oak puncheons and stainless steel barrels, and then bottled in early July 2022.
